

**SULTAN CITY COUNCIL**  
**AGENDA ITEM COVER SHEET**

---

**Date:** January 11, 2007

**Agenda Item #:** C-5

**SUBJECT:** Community Development Block Grant (CDBG)

**CONTACT PERSON:** Donna Murphy Grants and Economic Development

**SUMMARY STATEMENT:** Council approved and prioritized the following 3 grant applications to CDBG at the September 28, 2006 Council meeting.

1. I & I Improvements to the Sewer Line
2. 2<sup>nd</sup> Street Reconstruction Phase II
3. 6<sup>th</sup> Street Reconstruction

It was determined by the City Engineer, Jon Stack that application for Inflow and Infiltration (I & I) to CDBG is premature at this point. A Citywide Study of the I & I is necessary before application can be made to CDBG for Capital Improvements of the sewer lines.

Staff will be collecting flow data in 2007 and preparing an Engineering Report in 2008 to identify and prioritize I & I Projects. This will be used to apply for CDBG funds in 2008.

**FISCAL IMPACTS:**

Possible delay in receiving grant funds for I & I Project, however, project requires study prior to application.

**ALTERNATIVES:**

1. Remove the I&I Improvements application
2. Direct Staff to apply for construction in fall, 2007 without the benefit of an I & I Study completed.

**RECOMMENDATION: Move to remove the I & I Improvements to the Sewer Line from the list and prioritize the applications as follows:**

- 1. 2<sup>nd</sup> Street Reconstruction Phase II**
- 2. 6<sup>th</sup> Street Reconstruction**

**COUNCIL ACTION:**

**Action Date:**
