

SULTAN CITY COUNCIL
AGENDA ITEM COVER SHEET

ITEM NO. Action A 7

DATE: November 13, 2008

SUBJECT: Resolution 08-32 Investment Interest Allocation

CONTACT PERSON: Laura Koenig, Clerk/Deputy Finance Director

ISSUE:

The issue before the City Council is the adoption of Resolution 08-32 (Attachment A) to allocate investment interest earned.

SUMMARY:

Under state law (RCW 35.39.034 – Attachment B), if a Code City's funds have been commingled for investment purposes, the interest may be apportioned among the various participating funds or to the general or current expense fund as the city determines by ordinance or resolution. There are restrictions under state law regarding allocation of interests and bond ordinances may require the allocation of the earned interest to the bond reserve fund. Interest earned on investments of Impact fee funds and REET funds must be allocated to those funds. (Attachment C – List from the State Auditor BARS manual).

Interest earned by the Cemetery Trust Endowment is credited to the Cemetery operating fund. With the exception of the LID Bond fund, staff is recommending that interest earned by bond funds should be credited to the fund to offset the cost of bond principal and interest payments. It is also recommended that interest earned by the Water and Sewer reserves, construction and debt funds be credited to those funds. This will insure that additional funds will be available for projects and bond and loan payments.

ALTERNATIVES

1. Adopt Resolution 08-32 to provide for allocation of interest.
2. Do not adopt the resolution to adopt interest allocation and continue to allocate interest using the Resolution 07-24.

STAFF RECOMMENDATION:

Adopt Resolution 08-32 providing for the allocation of earned Investment Interest.

MOTION:

Move to adopt Resolution 08-32 allocating earned investment interest.

RCW 35.39.034

Investment by individual fund or commingling of funds -- Investment in United States securities -- Validation.

Moneys thus determined available for this purpose may be invested on an individual fund basis or may, unless otherwise restricted by law be commingled within one common investment portfolio for investment. All income derived from such investment shall be apportioned and used for the benefit of the various participating funds or for the benefit of the general or current expense fund as the governing body of the city of [or] town shall determine by ordinance or resolution: PROVIDED, That funds derived from the sale of general obligation bonds or revenue bonds or similar instruments of indebtedness shall be invested, or used in such manner as the initiating ordinances, resolutions, or bond covenants may lawfully prescribe.

Any excess or inactive funds on hand in the city treasury not otherwise invested, or required to be invested by this section, as now or hereafter amended, may be invested by the city treasurer in United States government bonds, notes, bills, certificates of indebtedness, or interim financing warrants of a local improvement district which is within the protection of the local improvement guaranty fund law for the benefit of the general or current expense fund.

All previous or outstanding investments of city or town funds for the benefit of the city's or town's general or current expense fund which have been or could be made in accordance with the provisions of this section, as now or hereafter amended, are declared valid.

[1981 c 218 § 1; 1975 1st ex.s. c 11 § 2; 1969 ex.s. c 33 § 3.]

22. TRANSFER OF INTEREST INCOME TO THE GENERAL FUND

Based on the current economic environment in which they operate, local governments are actively looking for ways to generate additional unrestricted revenues, so often there are questions regarding the transfer of interest income associated with certain revenues to the general fund.

The answers to the question “Can the interest earned on this revenue be deposited to the general fund or other funds?” may be yes or no, based on the statutory language that authorized the imposition of taxes and levies or the distribution of fees and taxes by the state.

SAO has reviewed the language related to various taxes, levies and fees and prepared the attached matrix to assist local governments in determining whether interest transfers made by them are allowable. The matrix shows the type of the restricted revenue, associated RCW provision and a yes or no answer on the transferability of interest.

This should not be considered an exhaustive list of all situations related to interest transfers. The matrix does not address revenues restricted by bond covenants. Additional questions about transfers of interest income generated by other types of revenue should be directed to the SAO staff.
