SUBJ: Sultan Police Department Weapons Inventory

In January 2009 the City of Sultan contracted for police service with the Snohomish County Sheriff's Office thus disbanding their police department. Since that time we have been moving through the department and identifying equipment that is no longer needed by the city or police department.

The weapons listed below are the property of the City of Sultan and the city would like to surplus them to an authorized gun dealer. Surplus regulations require that we receive at least three bids for surplus equipment so we would like to know if your company would be interested in purchasing the listed weapons and if so, what would your bid be.
