

**SULTAN CITY COUNCIL
AGENDA ITEM COVER SHEET**

ITEM NO: A-4

DATE: August 13, 2009

SUBJECT: Resolution 09-15
2010-2015 Transportation Improvement Plan

CONTACT PERSON: Deborah Knight, City Administrator

ISSUE:

Authorize the Mayor to sign Resolution 09-15 approving the 6-year (2010-2015) Transportation Improvement Plan (Attachment A).

The City Council conducted a public hearing on the 2010-2015 Transportation Improvement Plan (TIP) on July 23, 2009, and provided an opportunity for citizens to comment regarding the proposed plan. No comments were received.

City staff recommends the City Council adopt the 2010-2015 Transportation Improvement Plan as required by RCW 35.77.010.

STAFF RECOMMENDATION:

Authorize the Mayor to sign Resolution 09-15 approving the 2010-2015 Transportation Improvement Plan.

SUMMARY:

State law (RCW 35.77.010) mandates that all local jurisdictions annually adopt and submit to the state a six-year program of transportation improvements known as the Local TIP.

The six-year local TIP serves as a work plan for the development of local transportation systems and, as such, represents an important planning component under the State's Growth Management Act. The Washington State Department of Transportation (WSDOT) and the Puget Sound Regional Council (PSRC) use Local TIPs as a tool for coordinating the transportation programs of local jurisdictions with those of regional agencies. PSRC also monitors Local TIPs for projects of regional significance (to be modeled for Air Quality conformity) and projects supported by federal funds. These projects are incorporated into the Regional TIP, which is then forwarded for inclusion in the State TIP.

In 2008, the City revised the Capital Facilities Element and Transportation Element of its 2004 Comprehensive Plan. Transportation capital projects are a subset of the Capital Facilities Element. Transportation capital projects are generated out of the 20-year list of projects included in the 2008 Revised Transportation Element. The funded projects included in the six-year TIP will be included in the six-year Capital Improvement Plan adopted by the City Council later this year during the budget process.

The importance of the Sultan TIP is that, in most cases, projects must be included on the Local TIP to be eligible for state and federal grant programs. The proposed Local TIP includes several projects that would compete well against state and federal grant program criteria.

Sultan Six-Year TIP

The proposed City of Sultan 2010-2015 Local TIP carries forward projects from the 2009-2014 TIP. All projects from the 2009-2014 TIP have been carried forward with the exceptions listed below. Project costs are from the 2008 Revised Comprehensive Plan.

Expenditures

- Two projects from the 2009-2014 TIP will be completed this year: Sultan Basin Road Sidewalk and Waterline and Light Guard Crossing.
- The Railroad Crossing Improvements (T-54) has been removed from the TIP since the Council made the decision to return the WUTC grant funding pending developer participation in the project
- The cost estimate for Sultan Basin Road Phase III has been increased from \$2.8 million to \$3.5 million to reflect the most recent engineer's estimate.

Revenues

- Street Fund - \$50,000 in annual revenues from the Street Fund were added to incorporate the Council's decision to dedicate 1% of utility taxes to support street maintenance and reconstruction
- REET anticipated \$120,000 annually x 6 years = \$720,000
- Transportation Impact Fees anticipated \$5,272 x 400 platted single-family residential lots = \$2,108,800
- Grants – Grant revenue is 30% of total anticipated expenditures which reflects the large amount of grant funding expected from the state and federal government in support of the Sultan Basin Road project. The comprehensive plan uses a 15% grant allocation for overall transportation project estimates.
- Debt – no debt is proposed for the 2010-2015 TIP

- Developer contributions – There is a no protest LID for property owners on East Main that will be used to fund street improvements. Anticipated revenues for development contributions are carried forward from the 2009-2014 TIP.

DISCUSSION:

Capital Improvement Plan

The Growth Management Act requires the Capital Facilities Plan to contain an inventory of existing facilities, an assessment of future facility needs and a plan for financing, including a reassessment strategy to address potential funding or service shortfalls.

The Capital Facilities Element addresses all current infrastructure owned by the City and establishes a plan for the City to provide the infrastructure and facilities needed to serve its residents in the future. The CFP is based on the population, land use, UGA boundary and other fundamental planning assumptions.

The 6 year CIP prioritizes the City's 20-year investments into a shorter planning period and identified projects that will implement the Comprehensive Plan. The 6-year CIP is a subset of the 20-year Capital Facilities Element.

These documents are like concentric circles. Each one has common elements with the others.

- The Capital Facilities Plan (CFP) is the complete list of facilities (roads, parks, water, sewer and public buildings) necessary to meet the City's projected growth over the next 20 –years.
- The Capital Improvement Plan is the list of facilities (including transportation projects) the City intends to build over the next 6-years to meet concurrency with the financing plan to pay for the projects.
- The Transportation Element of the Comprehensive Plan is the list of motorized and non-motorized projects necessary to meet concurrency and growth for the next twenty years.
- The Transportation Improvement Plan (TIP) identifies transportation projects the City intends to build over the next 6-years to meet the requirements of the Washington State Department of Transportation and to be eligible for federal funds.

Decisions that the City Council makes on the projects in the City's TIP will affect the CIP and CFP. The first year (2010) of the CIP becomes the City's capital budget as a part of the annual budget process.

BACKGROUND:

The City Council and Planning Board began working together in January 2008 to make the necessary changes to the 2004 Comprehensive Plan and Transportation Element to be compliant with RCW 36.70A.120, which requires that a city's actions and capital budget decisions be consistent with its comprehensive plan.

The 2010-2015 TIP is based on the 2008 Revised 2004 Comprehensive Plan which addresses the "estimated traffic impacts to state owned transportation facilities resulting from land use assumptions", "forecasts of traffic for at least ten years based on the adopted land use plan" , and the required "analysis of funding capability to judge needs against probable funding resources".

The 2010-2015 TIP is compliant because it is based on a compliant Transportation Element that meets the standards of RCW 36.70A.070(6).

The 2010-2015 TIP provides a multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which serve as the basis for the six-year TIP required by RCW 35.77.010.

FISCAL IMPACT:

The fiscal impact comes from including the TIP in the six-year Capital Improvement Plan. The six-year CIP is the list of facilities (including transportation projects) the City intends to build over the next six-years to meet concurrency with a financing plan to pay for the projects. The first year (2010) of the Capital Improvement Plan is incorporated into the City's 2010 Capital Budget.

ALTERNATIVES:

1. Authorize the Mayor to sign Resolution 09-15 approving the 2010-2015 Transportation Improvement Plan (Attachment A) as required by RCW 35.77.010.

Due to its value in planning and its potential use in securing external funding, City staff recommend approving the 2010-2015 Transportation Improvement Plan.

2. Do not authorize the Mayor to sign Resolution 09-15 approving the 2010-2015 Transportation Improvement Plan and direct staff to areas of concern. This alternative would delay adopting the 2010-2015 TIP. The council should take this action if there are questions and/or concerns regarding:
 - Consistency with the city's adopted comprehensive plan
 - Anticipated revenues
 - Project list, project expenditures, or project priorities

RECOMMENDED MOTION:

Authorize the Mayor to sign Resolution 09-15 approving the 6-year (2010-2015) Transportation Improvement Plan.

ATTACHMENTS:

Attachment A – Resolution No. 09-15 Approving the 2010-2015 Transportation Improvement Plan

**CITY OF SULTAN
WASHINGTON
RESOLUTION NO. 09-15**

**A RESOLUTION OF THE CITY COUNCIL OF
THE CITY OF SULTAN, WASHINGTON,
APPROVING THE 2010-2015
TRANSPORTATION IMPROVEMENT PLAN.**

WHEREAS, RCW 35.77.010 mandates that all local jurisdictions annually adopt and submit to the state a six-year program of transportation improvements known as the Local TIP; and

WHEREAS, the six-year local Transportation Improvement Plan (TIP) serves as a work plan for the development of local transportation systems and, as such, represents an important planning component under the State's Growth Management Act; and

WHEREAS, in 2008, the City revised the Capital Facilities Element and Transportation Element of its 2004 Comprehensive Plan and the transportation capital projects are a subset of the Capital Facilities Element; and

WHEREAS, the 2010-2015 TIP is based on the 2008 Revised 2004 Comprehensive Plan which addresses the "estimated traffic impacts to state owned transportation facilities resulting from land use assumptions", "forecasts of traffic for at least ten years based on the adopted land use plan", and the required "analysis of funding capability to judge needs against probable funding resources"; and

WHEREAS, the 2010-2015 TIP is compliant because it is based on a compliant Transportation Element that meets the standards of RCW 36.70A.070(6); and

WHEREAS, the 2010-2015 TIP provides a multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which serve as the basis for the six-year TIP required by RCW 35.77.010; and

WHEREAS, the 2010-2015 Transportation Improvement Plan will further and be consistent with the goals, objectives and policies of the City's Comprehensive Plan, including the County-Wide Planning Policies for Snohomish County. Additionally, the proposed revisions are consistent with the City's plans, policies and regulations for providing community facilities, including but not limited to utilities, transportation, parks, or schools; and

WHEREAS, the City Council conducted a public hearing on the proposed 2010-2015 TIP on July 23, 2009 in accordance with RCW 35.77.010, and provided an opportunity for citizens to comment regarding proposed regulatory changes; and

WHEREAS, an environmental review was conducted in accordance with the provisions of the Washington State Environmental Policy Act, with notification published on July 25, 2009; and

WHEREAS, the City Council reviewed the 2010-2015 Transportation Improvement Plan prepared by staff, identified transportation priorities, and determined that the 2010-2015 TIP is consistent with the capital facilities and transportation elements of the City's Comprehensive Plan; and

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SULTAN, WASHINGTON, DO RESOLVE AS FOLLOWS:

Section 1. Findings. The City Council makes the following findings with regard to the 2009-2014 TIP:

- A. The 2010-2015 TIP is based on the 2008 Revised 2004 Comprehensive Plan which addresses the “estimated traffic impacts to state owned transportation facilities resulting from land use assumptions”, “forecasts of traffic for at least ten years based on the adopted land use plan” , and the required “analysis of funding capability to judge needs against probable funding resources”
- B. The 2010-2015 TIP is compliant because it is based on a compliant Transportation Element that meets the standards of RCW 36.70A.070(6).
- C. The 2010-2015 TIP provides a multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which serve as the basis for the six-year TIP required by RCW 35.77.010.
- D. Pursuant to RCW 35.77.010, the City of Sultan is taking legislative action to approve the 2010-2015 TIP.

Section 2. Adoption. The attached Exhibit A is adopted as the 2010-2015 Transportation Improvement Plan of the City of Sultan and incorporated by reference the same as though it were fully set forth herein.

Section 3. Filing. The City Clerk is directed to file a copy of this Resolution with the Secretary of Transportation not more than thirty days after its adoption.

PASSED BY THE CITY COUNCIL AT A REGULAR MEETING THEREOF ON THE _____
DAY OF _____, 2009.

CITY OF SULTAN
