

# **CITY OF SULTAN**

**CITIZEN  
INFORMATION**

# Introduction

The purpose of this document is to provide an brief overview of the City of Sultan and Councilmembers roles and responsibilities for citizens who are interested in serving on the City Council or appointed board.

The information provided has been gathered from many different sources. A good place for background information is the Municipal Research website - [www.mrsc.org](http://www.mrsc.org).

Service to your community requires a commitment of time, talent and resources.

Councilmembers have no individual power or authority. Authority comes from action as a legislative body.

We encourage you to talk with the Mayor, current and former Council members and City staff about the expectations of office before making a decision to serve your community

There is a lot to learn if you are a first time Council person. Even those returning to office may find things have changed.

We invite you to ask questions and gather information before deciding to serve your community.

Please feel free to contact anyone at City Hall for more information.

Mayor Carolyn Eslick.
