

City of Sultan

Carolyn Eslick, Mayor

Department of Community Development

Stacy MacGregor, Senior Planner

WAC 197-11-970 Determination of nonsignificance (DNS)

Description of proposal: This project is to build a new bridge to provide safe passage for pedestrians and non-motorized users (such as bicycles and wheelchairs) across the Sultan River. The bridge will connect Sultan River Park to Sportsman Park while passing over the Sultan River. The Project will also accommodate planned growth within Sultan by providing for upgrades to City-owned water and sewer mains. The City of Sultan water and sewer mains currently cross the Sultan River under the existing U.S. 2 Bridge. The existing mains are at capacity and the bridge cannot accommodate additional or larger mains.

Proponent: City of Sultan

Location of proposal, including street address, if any: Over the Sultan River with the west terminus integrating in the shoulder of US 2 and the east terminus connecting both into the US 2 shoulder and connecting with Front Street.

Lead agency: City of Sultan

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

There is no comment period for this DNS.

This DNS is issued after using the optional DNS process in WAC 197-11-355. There is no further comment period on the DNS.

This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date below. Comments must be submitted by November 24, 2014.
